

**Reach for the Stars
&
Go for the Gold!!**

This program will encourage the students to master the kindergarten skills. The students will be tested on the areas below and if they have mastered the entire list they will be awarded a "Gold Medal" at a special assembly in June. We want to encourage skills taught here at school and some that need to be taught and practiced at home as well. Good luck and Go for the Gold!

Language Arts

- ★ Knows all capital letters of the alphabet
- ★ Knows all lowercase letters of the alphabet
