

EMERGENCY DISASTER PLAN

Should an emergency disaster occur, children will be kept at school until it is safe to release them. Students will be released only to adults designated by parents on the emergency release form.

- Remember that the public, as well as school personnel, will be provided with information and instructions by radio and television broadcasts in case of an emergency. Local messages will be broadcast on Station KFI, 640 A.M.

We will also use our phone system to provide automated calling of all listed phone numbers.
